ARPA MESSAGE HEADER

Part 3

As a landowner and an operator of a family farm who has land that is within a watershed of a federal wildlife refuge, the proposed Unified Federal Policy for a Watershed Approach to Federal Land and Resource Management is of great concern to me.

While I agree with the need to have water quality, I hope that private property rights are not infringed upon to reach an unrealistic goal. I also hope that private landowners will be included at the beginning of any discussion when their land is included in an affected watershed.

Signed,

Dale Tinjum
7975 83rd AV NW
Powers Lake ND 58773
